For your student in 4th-6th grade... **SHOWTIME! Auror Quests**

Hogwarts is back big-time. With the Cursed Child debut and re-release of the Harry Potter series in graphic novels, it's time to dig into the magical world with more gusto than ever...and what better way than through the lens of the Aurors, the elite unit of highly-trained Dark Arts Investigators? It's time to stop being Muggles and start working for the Ministry of Magic. Combining legends inspired by J.K. Rowling's series with acting skills, Stages teaching artists and your developing actor will choose a path to explore adventure, intrigue, and the origin stories of this beloved world.

For your student in K-3rd grade... **SHOWTIME! Descendants Drama**

Inspired by the book series by Melissa de la Cruz and the Disney channel movies! Twenty years ago, all the evil villains were banished from the kingdom of Auradon to the Isle of the Lost--a dark and dreary place protected by a force field that makes it impossible for them to leave. Focusing on storytelling, Stages teaching artists will guide your young actors through creating a plot structure, developing great characters, and using dynamic stage presence to share a mystical story of finding yourself and your true friends along the way.
