# DECISION TREE

Now more than ever, it is important for everyone to conduct daily health checks before coming to school. Please use this decision tree in determining how to proceed for the day.

### Exposure

If you have been within 6 feet of an infected person for at least 15 minutes starting from 48 hours before the person began feeling sick until the time the patient was isolated.

### Symptoms

One of the following:

- Fever (+100.4) or chills
- Cough
- Shortness of breath
- Headache
- Nausea, vomiting, or diarrhea
- Sore throat
- Fatigue
- Congestion
- Muscle aches
- Loss of smell/taste

If you answer 'yes' to any of these screening questions, please stay home, isolate, and contact your health care provider.
